

Palladium

by Imex Creative Products

Palladium is an open weave designed fabric allowing natural light in, whilst still providing you and your furnishings protection from the harmful sun's rays. The open weave design also provides you with an outlook of clarity like no other.

Palladium is ideally suited to internal Roller, Roman and Panel blinds. Palladium is presented in a range of fashionable colors to suit any home or office.

The 3 metres in width also allows for larger blinds rather than several smaller ones, leaving you with a cleaner and less cluttered look to your windows.

Features:

- Reduces up to 90% of the sun's harmful rays
- Reduces cooling costs
- Open weave design for a definitive view
- Controls reflected glare
- Provides shade and privacy
- Mildew resistant
- High quality, UV resistant construction
- Fire retardant additives

Care Information

Palladium is easy to clean and maintain. Simply wipe down with a soft cloth and clean water and allow to air dry completely before rolling up.

Printed colors are for general guidance only. Please make your final selection from an Interior Fabric swatch for a perfect match to your project.
